# Beth-El Hospital

COLORADO SPRINGS, COLORADO

*Is the only Protestant Hospital in Colorado Springs and the only Methodist Hospital in Colorado Conference.*

The facilities of Beth-El Hospital are planned to meet the wishes of everyone. Each department—maternity, medical, surgical—has its own supervising nurse who is a specialist in her work, and who is aided by a competent and ample corps of nurses. Making use of Beth-El during illness of any kind not only aids the patient to better recovery, but at the same time saves worry and confusion among the remaining members of the household.

The situation of the hospital is quiet, restful and beautiful, ideal for effective treatment and recuperation of the sick.

In the arrangement of the buildings and their rooms, every effort is made to combine comfort, attractiveness, and the privacy of home life.

The Beth-El Hospital Training School for Nurses is a fully accredited Class A school, offering a full three years' course, covering all the branches of nursing.

# The **METHODIST EPISCOPAL** **COLORADO CONFERENCE** Preachers' Aid Society

**OBJECT**—To receive, solicit, hold, and invest **Permanent Funds**, the interest on which shall be for the benefit of the Aged and Disabled Traveling Preachers and the Widows and fatherless minor children of the Colorado Conference—about 135 persons.

**RESOURCES**—Donations to the **Conference Fund**, given without conditions, its net interest at once to help pay Conference Claimants. Gifts by Laymen and Ministers to the **Patrons' Fund**, on agreed interest to donors for life, single or joint, the interest ultimately to help all Claimants. Assignments to same by Claimants not needing their Annuities, on interest for life.

**The RELIEF Fund** solicits gifts for relieving immediate distress, funerals, and the like.

**GROWTH OF FUNDS**—without copper's loss:

|                          |          |

**Excuses**—On motion, J. F. Harris and J. R. Rader were excused from further attendance upon the Conference.

**War**—Chas. E. Schofield presented the following resolution on war, which was unanimously adopted as read.

Methodism, through the action of the General Conference, on the twenty-fourth of last May, adopted this emphatic and uncompromising denunciation of war and the whole war system:

"War is not inevitable. It is the supreme enemy of mankind. Its futility is beyond question. Its continuance is the suicide of civilization. We are determined to outlaw the whole war system. . . Governments which ignore the Christian conscience of men in time of peace can not justly claim the lives of men in time of war."

We, the members of the Colorado Annual Conference, hereby reaffirm this declaration of the General Conference of our church. We covenant together, under the leadership of the Spirit of God, to use our utmost endeavors to "create the will to peace."

We look with grave concern upon such movements as the proposed National Defense Day, which is to be observed September 12. Our nation is facing no crisis involving military defense. Our Secretary of State has recently declared that we have cause to fear attack from no other nation in the world. No matter how earnestly we may disavow any purpose of aggression, other nations, who read not words but deeds, are certain to see in the observance of this day evidences of a new aggressive militaristic policy. A proposal to flaunt in the eyes of other nations our ability to make swift and effective preparation for war will inevitably be construed as a challenge to a new race for armaments. Such a day is certain to promote, rather than to allay, international friction. Such a day is designed to stimulate enthusiasm in our youth for war-like enterprises, rather than to direct it in channels for the promotion of good will. Such a day merits the uncompromising condemnation of the Christian Church.

*Therefore, be it Resolved*, That we, the members of the Colorado Annual Conference, as ministers of the Gospel of Jesus, refuse to have any part in the execution of the plans of our War Department for the observance of this day. We solemnly call upon the members of our church seriously to consider whether loyalty to our Master, Jesus Christ, is compatible with participation in the observance of such a day. We pledge ourselves to promote, in every way possible, the Christian ideals of brotherhood, co-operation, and interracial and international good-will.

*Be it further Resolved*, That a copy of this resolution be given to the press, and that a copy be sent to the Honorable John W. Weeks, Secretary of War, and to the Honorable Calvin Coolidge, President of the United States.

**Dr. A. A. Heist**, of the Methodist Federation for Social Service, was introduced, and addressed the Conference.

**Excuses**—The Committee on Conference Relations was excused.

**Central Christian Advocate**—Dr. C. B. Spencer was presented and addressed the Conference.

**Conference Claimants**—Bishop Mead presented a check for \$4066. from the Methodist Book Concern for the Conference Claimants.

**World Service**—Dr. W. S. Bovard and Dr. O. W. Auman were called to the platform and each addressed the Conference on the World Service Program.

**World Service Council**—On motion, the nomination of the ministerial members of the World Service Annual Conference Council was referred to the District Superintendents.

Believing that the court will clear Brother Gregg of all suspicion that has been thrown about his name on the charge where he has been entrusted with upholding the interests of righteousness, we hereby reaffirm our faith in the integrity of David A. ## Increase the Capacity of Your Furnace and Save Fuel THERE ARE TWO WAYS

by which, at moderate cost, you can improve your old-time hot-air heating system, and perhaps in this one winter save the entire cost in decrease of coal bills:

1—Have your furnace covered with Asbestos Cement. It conserves the heat, and sends it up the pipes where it is wanted, and saves excessive heat in the basement where it is not wanted.

2—If you have no cold air inlet inside the house, let me call and see you (without charge for the inspection) and tell you how you can—sometimes—almost double your heating capacity. I can refer to satisfied patrons.

I also do satisfactory repairs on steam and hot-water systems. If you have one or several radiators which do not heat properly, let me help you.

## VI. Reports

### (b) STANDING COMMITTEES AND BOARDS

#### THE AMERICAN BIBLE SOCIETY

As evangelical churches we believe the Bible to contain the rule and guide of life. The essential truths for right living, and wherever its teaching is unflinching followed, the greatest and most far reaching results obtain. These results are seen in the reformed lives of men and women and in the changed and improved conditions of society. Today when mankind stands perplexed because of the confusing elements of life, with which it is confronted we need more and more the steady influence of the Bible to inspire to more consecrated living. The spread of Christianity and the deepening of its power is largely dependent upon a comprehensive understanding and presentation of its essential and fundamental truth. The American Bible Society, to which we give the responsibility to translation, publication, and distribution of the Bible, is truly a missionary organization, the object of which is "to encourage the wider circulation of the Holy Scriptures without note or comment." It has issued over 151,000,000 volumes of the Scriptures in 152 languages and dialects, and in 12 systems for the blind. Let it, therefore, be resolved, that we heartily commend the work of this society and further its interests in every way possible.

A. C. HOOVER, *Chairman*,  
EARL O. HARBOR, *Secretary*.

#### NEGRO EDUCATION

The citizens of the United States are realizing as never before the stupendous task we have before us in the amalgamating of our population into a unified whole. Not among the least difficult of these problems is that of the assimilation of the Negro.

No organized movement in the whole breadth of our nation has compared with the work done in our own church in relation to the Negro through the Negro Education Board. We commend, therefore, most heartily the work done in this field of endeavor and urge that the work under the new organization be in no way curtailed, but that rather it be enlarged and made more effective.

Respectfully submitted,

M. B. BEATTIE,  
G. E. KITCHEN,  
J. H. STEWART,  
R. B. LOGAN,  
JOSEPH ANTLE,

*Committee on Negro Education.*

#### THE COMMITTEE ON TEMPERANCE

submit the following:

We heartily endorse the program and personnel of the Board of Temperance, Prohibition and Public Morals.

We wish again to go on record as being unqualifiedly in favor of the strictest enforcement of the Federal and State laws supporting the Eighteenth Amendment.

We consider the bootlegger one of the worst offenders against our body politic, and we place the man who buys his product in the same class.

We call upon our pastors to publicly and privately give every encouragement to enforcement officials. And we wish to commend those of our ministry who have fearlessly aided these officers, often at the hazard of their personal safety.

These commendable and fearless attitudes are in keeping with the best traditions of the Methodist Episcopal Church.

HENRY GUY GOODSELL,  
BENJAMIN EITELGEORGE.

#### REPORT OF THE COMMITTEE ON EDUCATION

##### The University of Denver

The University of Denver this year ranks fifth among the forty-four Methodist universities and colleges, both in point of students enrolled and of those graduated. The first four are Boston University, Northwestern University, the University of Southern California, and Syracuse University. In contrast with this remarkable standing in point of enrollment, the University of Denver stands only fifteenth in point of endowment. The total enrollment during the past year was 3,635, another increase over the preceding year. This, therefore, has been another year of marked prosperity. All of the schools are filled to overflowing, and the University is compelled to limit the attendance in the College of Liberal Arts. The University is more than ever under compulsion to increase its capital funds and its plant. It is impossible for the University to maintain its present standing, to say nothing of improving its academic standing, unless it has a much larger teaching staff and a greatly increased physical equipment. The development program, which includes the raising of two and

a half million dollars, is the minimum program upon which the University must enter. And this must be undertaken at once.

The Trustees of the University heartily approve the program as suggested by the Denver Area Council last July, and to which reference is made later in this report.

### NEAR EAST RELIEF

The need of the orphaned children of the Near East still continues its appeal to the Christian conscience. Thousands of these children have been saved through the efforts of the Near East Relief. Representatives of this organization, through the gifts of the Christian people of America, have fed, clothed, and sheltered these unfortunate children.

We, your committee, most heartily commend the efforts that have been made to establish homes for these orphans outside of Turkish territory where they may grow to manhood and womanhood free from the perpetual fear of further atrocities.

We wish also to express our appreciation of the sympathetic and cheerful support given to this worthy cause by the Methodists of Colorado, and recommend the continued co-operation of the Methodist churches throughout the State in the work of the Near East Relief in its attempt to allay suffering and work out a relief program that shall eventually solve the problem of the persecuted Christians existing under Turkish dominion.

### EPWORTH LEAGUE

Since the most urgent need and the living hope of any great cause is Leadership; and since ability to lead must be developed from early life, and since the Epworth League offers opportunity for our young people in mental, spiritual, social and physical development, we recommend it as a field where leadership for the young now, and the strength of the church of the future, may be cultivated. Ministers must be leaders of the leaders. Therefore we recommend that ministers organize chapters where there are none, and that the work be promoted. We pride ourselves on the growth of Institute work within the bounds of our Conference, and suggest that other institutes, such as that recently held at Beulah, be added as may be possible. Pastors should make strenuous efforts to send promising young folks to these short term schools. Also group gatherings might be held profitably throughout the year. The Epworth Herald should be widely circulated.

### REPORT OF COMMITTEE ON BOOKS AND PERIODICALS

Books and periodicals are the products of men, but men of any considerable efficiency in the work of the kingdom of God in these trying days are also the products of books and periodicals. "He who will not work shall not eat," was the motto which saved a nation in embryo one day, and he who will not read cannot lead is a salvaging fact in the Church of this hour. The reading of good literature by the people of a minister's parish is one of the finest possible preparations for a revival of religion on his charge. Therefore, not only should our pastors be readers themselves, but they should be men who inspire others to read.

Our own publishing houses can furnish any book of merit printed today, and our own periodicals from our own church press are the equal of any to be found on the market; we therefore suggest that our own literature be more generally circulated among our people. When the pastors of Methodism become as interested in the circulation of the literature of the Methodist Church as are the agents for Adventism, the cults of Science and Healing and the Mormon propaganda, we will stop in part the loss of members from our Church, and will interest others in what we are and what we are doing, and new members will be received in return.

Especially do we commend our Conference organ, the Central Christian Advocate, edited by one of our own conference men, as being worthy of the efforts of all the pastors to place it in the homes of our people. The returns to the pastor who succeeds in getting his people to read their church paper will always be noticeable in his reports to the annual conference. No finer periodical can be found anywhere for the young people than the Epworth Herald, and there is no better Sunday school literature printed than our press turns out. We suggest that we make the literature of our own Church one of the personal workers in all our endeavors to bring about the great spiritual awakening we all so much desire to see in the days just ahead of us.

W. T. GATLEY,  
ROY O. HILLS.

### The Iliff School of Theology

The Iliff School of Theology has reached its high mark of enrollment this year, which was two hundred sixty. This includes one hundred seven who were in attendance at the summer term. The Board of Home Missions receives our hearty appreciation for its co-operation in the program of the School of Theology. It is hoped that the Rural Life Department may continue to receive such assistance as shall make possible an increasing ministry in this great area. The churches and pastors have continued their interest in the Sustentation Campaign by a very commendable proportion of payments on the pledges which had been secured. The Board of Trustees have a deep sense of obligation and gratitude for this generous support. The school hopes to continue to merit this loyalty to its interests by its vision of the task of the Church and its service of the same.

### Wesley Foundation

From 2,000 to 2,500 Methodist young people enroll in the state colleges and the State University every year. The Church has come to recognize that it owes to these young people, as to all of its young people, the best Christian leadership and training it is possible to provide. Under the stimulus of appreciations from the Boards of Home Missions and Education, work has been developed in four of these fields. A request is going forward for a similar appropriation for work at Gunnison this year. Increasing numbers of students are being drawn into vital relations with the Church. Support for this type of work from the general boards is of necessity only a temporary arrangement. The time has come when the Conference must take definite steps for securing adequate permanent support.

In order to maintain the work on its present basis the income from productive endowment of at least \$200,000 or an annual asking of at least 20 cents per member from the Conference will be required. These are minimum needs and do not include any provision for future expansion or building programs.

### The Board of Education

We express our sincere appreciation of the interest of the Board of Education in the past in the assistance it has rendered to the educational enterprises of the Conference and to worthy students. We have implicit confidence that the reorganized Board will make still greater contributions to our educational program. We pledge our heartiest co-operation to all of the efforts of the new Board under the leadership of Dr. W. S. Bovard.

### Recommendations

The committee believes that the representatives of the various educational enterprises have set forth their minimum needs. It believes that we are just on the threshold of a tremendous advance in things educational that will absolutely determine the character of the leadership, ministerial and lay, that shall promote the Kingdom of God in the Rocky Mountain Region. The committee wholeheartedly commends the wisdom shown by the Denver Area Council in the method that they suggested for carrying on this great educational program.

Because the committee believes that the method suggested by the Area Council is thoroughly sound and businesslike and would mark a great step forward in the promoting of our special Conference Benevolences, it recommends that the following action be taken by the Conference, namely:

That this Conference instruct the Conference Budget Commission to adopt as its working policy the plan of giving the other Conference Benevolences the field for the presentation of their interests during the Conference year 1924-1925; and that the great educational interests of the Area, as represented by the work of the University of Denver, the Iliff School of Theology and the Wesley Foundation, be stressed and given an open and untrammelled field for the presentation of their claims, either unitedly or singly in the Conference year 1925-1926, and further, that these educational interests be authorized to use such methods as they shall deem necessary to secure the fullest success of their campaigns, and that the campaigns be under the direction of the representatives of the institutions concerned.

FREDERIC TEVIS KRUEGER, *Secretary*.  
JOHN L. SPARGO, *Chairman*.

### BETH-EL HOSPITAL COMMITTEE REPORT

The past year has been the best in the history of Beth-El Hospital from every standpoint. It has grown in usefulness and popularity as no hospital in the state. It has served more people than ever before in its history and has met the heavy demands that have been made upon it in the way of rendering service to Colorado Conference, which can be readily seen from the fact that free service amounting to approximately \$15,000 was rendered. We commend the hospital for this Christ-like service to sick humanity. It seems that more and more the pastors of Colorado Conference are getting a vision of the work that is being done in this, our Conference Hospital, and are beginning to see more fully their responsibility in the work of the institution. The hospital should appeal very strongly to all of our pastors and laymen because of the service it has rendered.

We commend the Executive Committee for their efficient, business-like administration, and we commend the officials of the hospital for their every interest in the work. It is this spirit of co-operation on the part of everyone connected

with the instruction that has helped to make possible the wonderful record obtained during this Conference year.

The nurses' training school continues to maintain its high standard. This training school is recognized as one of the leading schools not only in the state but throughout the entire middle west.

It is becoming more apparent to not only those in charge of the work of the hospital but to the pastors of this area that the free service must be put on a more businesslike basis. Heretofore we have been relying on the White Cross to take care of this and upon the special campaign to take care of the deficit caused because of this free service rendered during the last three Conference years. But is only fair to the pastors of this Conference that a minimum amount be set so that they know just what amount to work for and the hospital knows what amount of free work to plan for. It is the judgment of this committee that the minimum amount that shall be raised by each pastor for the hospital during this next Conference year shall be equivalent to \$1.00 per member as it has been in the past year. Further, that immediately following Conference a move be started to organize in each church a Hospital Guild which should be the permanent means of support for the hospital, as this has been proven in other Conferences to be the most effective way of caring for the hospital work.

We recommend that every pastor, as soon as he returns to his charge, shall, if he has not already done so, appoint a hospital committee consisting of at least three live members of his church to assist him in the White Cross Enrollment and in other matters pertaining to the hospital work throughout the Conference year.

It is the recommendation of this committee that the field work of the hospital be directed toward raising the deficit that has been created during the last three Conference years because of the difference between the amount of free service rendered and the amount of cash received, and that this work shall be under the direction of a field secretary or a special representative selected for this particular work, but that this field secretary or special representative shall be in no way responsible for the White Cross Enrollment, and we trust that every pastor will help this man in every way possible to help clean up the old balance in addition to putting on the White Cross Enrollment as outlined above.

We further recommend that Sunday, November 23, be set aside on the calendar of every pastor to be observed as White Cross Sunday. It was unanimously voted at the recent session of General Conference that the White Cross as an organization should be officially recognized, and by a unanimous vote the Sunday preceding Thanksgiving was endorsed as the special Hospital and Home Day to be known officially throughout Methodism as American White Cross Sunday.

We heartily commend the pastors, laymen, auxiliaries of the Woman's Home Missionary Society, Ladies' Aid Societies, the Sunday Schools and all others who have remembered the hospital by sending in supplies of every kind to help in its ministry to suffering humanity. With the larger program in sight for this coming year we want to place Beth-El Hospital in the hearts of every Methodist pastor and layman in Colorado Conference stronger than ever before. The relation of the Conference to the hospital should be stronger than it ever has been, and the relation of the hospital to the Conference in our opinion is stronger than it ever has been.

J. T. BAINBRIDGE, *Chairman*,  
RAY S. DUM, *Secretary*.

## STATE OF THE CHURCH

The past year has witnessed great strides in the relationship of the church to various human problems and relationships.

The Church has definitely faced and accepted the challenge of Mars. If we are to intelligently outlaw war, we must expose the causes thereof. We therefore recommend a study of the expansion policy of the State Department of the United States. We urge every member of our Conference to read "The American Empire," Nearing, and a pamphlet on this subject by Kirby Page. We protest against any government guarantees of private loans made by American citizens to foreign countries as being a leading irritant in provoking international enmity.

The recent vote of our General Conference on divorce revealed a wide divergence of opinion on the moral breakdown of home life. We urge the members of our Conference to study this important question during the quadrennium and suggest the following books: "Sex and Common Sense," Maude Royden, and the articles on this subject appearing in the past two years in the Atlantic Monthly.

By the action of the General Conference the whole amusement question of the Church was placed on the highest spiritual plane possible. This fact places upon us the responsibility for educating our people in this regard, and to make provision for adequate recreational programs in our local churches.

Our greatest obstacle to the realization of the ideals of Jesus is an untrained membership. We have been more anxious to enlist folks than to train them. If the ideals of Jesus are to permanently transform the world, we must emphasize more educational preparation. To this end we recommend such educational agencies as preparatory classes, weekday religious education, and daily vacation bible school.

We must not cease our efforts to vigorously recruit men for the Kingdom, but our methods must follow those of the Master in organizing our laymen for personal evangelism. We need an educational evangelism which will challenge the minds as well as the emotions of men.

No age has been more in need of a challenging gospel message than the pres-

ent. We need to stress the great fundamentals that Jesus emphasized—the Fatherhood of God, the Sonship, of Humanity, the possibility of human and divine fellowship, and the ideal of the Kingdom of God on earth. Stewardship must be advocated, not alone as an ecclesiastical theory, but as a philosophy of life.

Methodism must summon its members to a new consecration. We preachers must set the example in establishing family altars, and a program of personal devotion which will bring us in vital touch with the Infinite. We must be as daring in our living as we are in our thinking about the Kingdom.

The Church must face the need of a program designed to save folks, irrespective of their economic condition. This is especially true of our program in rural sections and in the poorer congested districts of our cities. The Church must not so far forget the aims and ideals of Jesus so that it exerts its greatest energies at the call of the dollar sign.

We rejoice in the growing conscientiousness of the international aspect of religion. We look forward to the day when the leadership on mission fields shall be furnished by the races themselves.

Without minimizing the difficulties and problems confronting the Church, we look forward with confidence and hope that the Church will lead in the Christianization of every relationship of life.

## RESOLUTION OF THE BOARD OF HOME MISSIONS AND CHURCH EXTENSION OF THE COLORADO CONFERENCE

Adopted by the Colorado Annual Conference, Thursday, Sept. 4, 1924

The urgent need for the extension of Wesley Foundation work in Colorado to include the Western State College at Gunnison has come to the attention of this board by a resolution from the Conference Commission on Work in Tax Sustained Institutions.

This board heartily concurs in the findings of the commission and believes that this work should be started at the Western State College at the earliest possible date.

This board further recommends that the Joint Committee of the Boards of Education and Home Missions include in their 1925 appropriations the sum of \$1,000 for this work at the Western State College.

In support of this recommendation the Board invites attention to the following facts:

(1) The Western State College of Colorado is located in the western part of the state almost 300 miles by rail from Denver. Gunnison is a town of about 1,500 and is the center of a region having more than twice that population. The interests of the Protestant Church in the town and in the college are cared for almost wholly by the Community Church, a Methodist-Presbyterian federation having a membership of about 350. With the exception of the rector of a small Episcopal Church, the pastor of the Community Church is the only Protestant minister not only in the town and college but in the entire county. The college, the town, and the adjacent communities form a field far beyond the resources of the local church. The employment of a college pastor will both permit the enlargement of our service to the students and also release the present pastor for much-needed work in nearby communities. (See attached sketch.)

(2) The college itself is a rapidly growing institution, enrolling during the regular year 1923-24 380 students, of whom 330 were Protestants, 111 indicating Methodist preference. More than 800 students were enrolled during the summer quarter just closed. On the basis of recent increases, an enrollment approaching 500 may be expected during the coming school year.

(3) The project assumes even greater significance when it is recalled that the Western State College is an institution devoted primarily to the training of teachers. The seed sown here will bear double fruit all over the state wherever the persons touched by it may teach.

(4) With its present limited resources the Community Church has been able to reach many of the college students in the Sunday School, in the Young People's Society, in the services of worship, and in systematic courses in Bible study conducted by the pastor and accredited by the college. During the last regular year, 96 students were enrolled in the Sunday School and 39 in the credit classes. This, of course, is only a beginning of the work that should be done.

(5) There is yet no religious worker who gives his time exclusively to the college students. In a way this is an advantage, for we shall be able to plan the work from its foundation. It is believed that work in immediate connection with the parent churches and the local church will be much better than that which must be conducted by independent organizations.

(6) It is planned that the work be jointly supported by the Methodist and Presbyterian boards. The Presbytery of Gunnison has already indorsed the project with a definite memorial to their board.

(7) Conditions in the college are unusually favorable for this work. Half of the official board is now composed of faculty members, and the extension of religious work among the students is being earnestly sought. We are convinced that now is the time to seize the opportunity for making religious work a major activity at this growing state college.

## REPORT OF THE EXECUTIVE SECRETARY

## Conference Claimants' Endowment Fund

## BISHOP AND BRETHREN:

For several years there has been an undercurrent of discussion among the members of the Annual Conference in regard to the more immediate establishment of a Permanent Productive Fund for our Conference Claimants. At our Annual Conference a year ago this culminated in the following action:

During Friday's session a motion was passed that "the Bishop be requested to appoint a full time man as Field Agent for the Conference Claimants' Fund." Then during Monday's Session the following Resolution was passed:

"1. *Resolved*, That we proceed at once to raise an Endowment Fund for the support of the Conference Claimants of the Colorado Conference.

"2. That, A Commission of fifteen, with power to select six in addition to that number, be appointed and empowered to consider the details of a plan for the raising of this Fund.

"3. That, We request the presiding Bishop to appoint at this session of the Conference an Executive Secretary to have charge of these interests throughout the Conference.

"4. That, We here and now pledge our subscriptions as members of the Conference of 2 per cent of our respective cash salaries, exclusive of house rent, for the next five years, for the foundation of this Fund and to meet the immediate expense of the Executive Secretary."

John R. Edwards was appointed by Bishop Mead as Executive Secretary, and the following persons were appointed by Bishop Mead to constitute the Commission: The five District Superintendents, together with the Revs. W. T. Scott, Nuckolls, Klyne, Zimmerman, Estlow; and Messrs. Ira M. DeLong, Boulder; William Lennox, Colorado Springs; G. W. Ridley, Grand Junction; Fred T. Henry, Denver; and M. E. Miller, La Junta. On September 26th the Commission met and organized by selecting two additional persons, J. Stanley Edwards and W. H. Howell, and electing the following officers: Chairman, J. Stanley Edwards; Secretary, O. W. Auman; Treasurer, W. H. Howell; Executive Committee, the three officers, together with Bishop Mead, Rev. G. M. Henderson, Rev. C. A. Wright, Fred T. Henry and John R. Edwards.

The above Commission, as directed by Conference action, proceeded to formulate plans to carry out the intent of the Resolution. After going over the situation and consulting with Dr. Hingeley of the General Board, it was decided to inaugurate an intensive general campaign throughout the bounds of the Conference beginning October 19 and closing November 3, 1924. The Executive Secretary was directed to work accordingly.

This plan was followed, and the Executive Secretary was busy arranging the various items and the machinery for such a campaign. This continued until about March 1st when it was thought, after frequent consultations with pastors and laymen that this year would be a very inopportune time to engage in a general campaign. Financial conditions have been terrific; a national election confuses folks; the new World Service Program rightly has the attention of the Church; and, probably above all else there is a general reaction and back-wash against drives and campaigns of any kind. So at a special meeting of the Commission on March 20th it was unanimously voted to let the next Annual Conference determine the date for the campaign.

Then the Executive Secretary was directed to go forth on a sort of "gumshoe" activity of cultivation, solicitation and a general gathering of data, looking toward a future campaign. So, for months I have gone about the Conference seeking such information as I could gather from any source. One month I was home only three nights. I have followed every lead I could discover for worthwhile subscriptions, though in many cases, for obvious reasons, I have not yet asked for money. I have been conscientious in keeping expenses to the minimum. The tangible result of this kind of work is as follows:

|   |            |
|---|------------|
| Signed pledges and cash offerings from preachers... | \$3,084.40 |
| Cash received from preachers.....                   | \$1,675.60 |
| Pledges from laymen .....                           | 1,216.00   |
| Cash received from laymen.....                      | 176.00     |
| Total pledges .....                                 | \$4,300.40 |
| Total cash received.....                            | \$1,851.60 |
| Total unpaid pledges to date.....                   | \$2,448.80 |

This is a splendid showing when all the problems we have had to face have been fairly considered. It is one thing to campaign with a whole army back of you and with you. It is an altogether different thing to reconnoiter the outposts of expectation single-handed, and approach men in the trenches of private offices, on the other side of "No Man's Land," barricaded behind enormous desks and periscoping a fellow with dinosaurian spectacles. Any

sort of "gum-shoe" method will be tragically disappointing without the fervor, psychology and momentum of a general campaign, unless we are all agreed that such a method should precede a general campaign. This Commission believes that these months of mapping, orienting, cultivation of prospects and gathering of data, has been vital and necessary and is of primary and fundamental importance.

We believe the folks of our great and heroic Conference are intensely concerned about the Conference Claimants' Endowment Fund when the matter is properly put before them. And when they have somewhat recovered from the recent terrific and heart-breaking financial conditions they will nobly respond to our appeal. We have many fine and worthwhile prospects and promises for the next few months from sincere and honest folks who simply can't do anything at the present time. We all see the necessity of this campaign's successful termination if we keep our Church and Conference in the forefront of God's great onward and upward movement.

After a year of study, observation, work and frequent counsel together and with others, the Commission believes that this campaign should continue with all seriousness, but with a minimum of expense and organization. It would, therefore, seem wise to the Commission for the Conference to work out the most effective method possibly by which the present Commission and the Preachers' Aid Society might be merged into a single unit, for campaign purposes, and by all means present a united front to the field.

One of the most effective impressions made upon the laymen is the fact that the preachers are contributing a definite amount to this campaign. In all Conferences where a campaign has been conducted the preachers have co-operated financially. Their method of doing this may vary in different campaigns, but the psychological impact of this procedure can hardly be questioned. The Commission, therefore, strongly recommends that the Conference agree upon a scale of contributions from its members which shall be equitable and representative.

Brethren, it will take time, patience, prayers, education, hard work, and self-sacrifice, but in the end we will win, because we are only asking for simple justice for folks who have given themselves in the most sacrificial service for the common good of humanity. Let us not be overly modest in urging our people to pave with comfort the highway on which the old preacher travels his last mile.

A personal word: The members of the Commission under whose direction I have worked have been brotherly and considerate at all times. It has been a delight to work and have fellowship with them. I have gone to the homes and churches of the brethren in the pastorate and have counseled with them and in every instance I have found them most cordial and sympathetic—just real brother preachers. Bishop Mead has been invaluable to us in wise counsel and with the big heart of a brother has always gone beyond our expectations in giving time to a discussion of our problems. The District Superintendents as members of the Commission and as leaders on their Districts have been most helpful and have co-operated heartily in every detail of the work in a splendid way. Likewise, as I have approached the laymen of the Conference, they have always received me with the fine courtesy and grace of Christian men and women.

## RESOLUTIONS

About to go forth from this, the sixty-second session of our Annual Conference, we pause long enough to give expression through these resolutions of courtesy to our appreciation of all that has made this a profitable and enjoyable gathering. We consider the following as worthy of our notation:

First Church, Pueblo, with its recently completed plant that has proven so adequate to the needs of the Conference, together with the pastors of St. Paul, Bethel and Northern Avenue churches and their people, who have spared not to make our sojourn pleasant, not forgetting the fine cafeteria service of the ladies of First Church, and especially Miss Reva Owen, Deaconess, to whose quiet efficiency much is to be attributed; our resident Bishop Charles L. Mead, who has met all expectations in the course of his administration of the work of the Conference; the business men of the City of Pueblo for the automobile ride through the city and trip through the plant of the Colorado Fuel & Iron Company; the City Young Men's Christian Association for the privileges of the swimming pool and recreation rooms; the American Business College for secretarial help furnished; the visiting speakers who have added no little to the program in the way both of inspiration and instruction; the newspapers of Pueblo for fair notice of Conference proceedings. In brief, all whose labor or thoughtfulness has helped in greater or lesser degree, have a place in the recollections that we carry away.

## REPORT OF STEWARDS AND PREACHERS' AID SOCIETY

On September 5, 1899, under and by virtue of the laws of the State of Colorado, the Methodist Episcopal Colorado Conference Preachers' Aid Society was organized and a certificate filed in the office of the Secretary of State. Members were admitted by payment of \$5 admission fee and the annual dues were \$2.50, the non-payment of dues for three years forfeiting membership. Many members of the Conference failed to join the society. In 1911 changes were made and an amended form of constitution and by-laws was adopted by the society and also by the Colorado Annual Conference, by which all members of the Conference were admitted, and persons not connected with the Conference were designated as Patrons.

The amount of money in the treasury, \$32,300.54, was turned over to the previously existing members with the privilege of increasing it to \$40,000. These members, because of its being 50 years since the Conference was organized, were called Jubilee Members and the fund the Jubilee Fund. Retired Jubilee Members were to receive the interest of this fund (not to exceed \$10 per annum for each year of membership and their widows not to exceed \$5 for each year of their husbands' membership). The present value of this fund is now \$40,000. The dividend paid last year was \$4 for each year of membership. This fund is loaned to the Patron's Fund at 5 per cent or \$2,000 per annum. At the time efforts in behalf of the Jubilee Fund ceased, a fund called the Conference Fund for the Benefit of Conference Claimants of the Colorado Conference was commenced. On May 18, 1917, the secretary had secured \$6,775.80. At the request of the Conference a meeting was called attended by the District Superintendent, Dr. Hingeley, he to formulate plans for a campaign. It was agreed to increase the fund to \$120,000 by October 31, 1917. The fund is now \$14,500.

In 1911 we commenced the Patrons' Fund. To this, instead of dues, we invited voluntary contributions; also contributions on Annuity, not only from preachers but from laymen also. The dividends during retirement or widowhood, except otherwise agreed upon, to be not less than 6 per cent nor more than 12 per cent per annum as profit would permit. This fund is now \$68,143, or, with Local Preachers' Fund, \$69,197. These funds entrusted to us for permanent investment were, August 23, 1924, \$123,697. The profits of these funds have enabled us during the past year to pay all expenses of the society and to distribute to beneficiaries and funds \$5,082.

In 1912 the society took charge of Conference Claimant affairs, receiving and disbursing its funds without cost. In 1914 the Conference arranged to pay its claimants quarterly in advance. The promise of the society to the Conference was, If you will send your apportionments quarterly we will pay beneficiaries quarterly in advance. When we closed our books last year the churches were \$15,381 short of meeting the claims. (It should not be forgotten, however, that the annuities payable in 1922 were more than 8 times those paid in 1912.) This year the amount would have been \$19,555, but our trustees voted not to loan more than \$5,000 at any one time of this fund. If we had received three-fourths of the amount apportioned for this year, the payments could have been made, but instead we only received about one-third.

What of the future? The Jubilee Fund is complete and secure. That \$2,000 a year will be a blessing to those to whom it belongs. We now pay \$4 for each year of membership and will probably continue to do so ——— to pay more. The Patrons' Fund is largely intended for preachers, and in coming years will be of increasing benefit, and possibly more efforts will be made to help laymen. It seems that most of our preachers wait until retirement, advancing age or infirmity is just before them before they consider it. The contribution of effective pastors is small. We want more. Come in. Let us quickly pass the \$100,000 mark and reach for the quarter of a million.

The Conference Fund is open. Why not help us to increase it? A little wise effort on your part co-operating with us will be found more profitable than expansion campaigns or other costly means. Will you promise? You're it!

JOHN COLLINS.

## W. H. M. S.

The year, which closed July 15th, in the Woman's Home Missionary Society has been one of advance along all lines. Daily Vacation Bible Schools were held at the Colfax Community Church with an enrollment of 232 and an average attendance of 162, and at our Leadville settlement, where the results were most satisfactory. The work of the Spanish Church, under the leadership of Rev. Garcia, has progressed well, and the interest manifested by these people in their church is very gratifying.

The Society has met all its obligations for the past year, paying to the National Society the sum of \$6,925 in pledges and \$3,820 in dues. Supplies to the amount of \$3,248 were sent to various needy places, and the Society is beginning the year with a comfortable balance in the treasury and a firm faith in the women of the Conference, who have so loyally given of themselves for the welfare of the great church of which the Woman's Home Missionary Society is a part.

### APPROPRIATIONS FOR CONFERENCE CLAIMANTS' SUPPORT FOR CONFERENCE YEAR 1924-5

The support of these Claimants for any quarter depends upon what the Church Treasurers remit the *preceding quarter*. Also it is the Conference order that all deficit in Conference Claimants' receipts from charges at a session of Conference shall in proportion reduce the following fourth quarter's check to Claimants.

The minimum Disciplinary Annuity Rate for the Colorado Conference for 1924-7 was announced as \$6.58 per quarter for each annuity year of a retired minister. Only the even dollar is used in the table of their appropriations, the odd cents finding their place in the fourth quarter's check, provided the churches have sent in their apportionments quarterly and fully or pro rata to each settlement day, not later than the end of each quarter—December 10, March 10, June 10.

It is now *pay as you go*. Only as charges *pay in* quarterly can the Conference Stewards *pay out* quarterly—or at all. *Trust funds* can now no longer be borrowed against by the Conference Stewards.

On the death of any Minister *not* on the retired list, the annuity claims of his dependents begin at once.

A claim is liable to lawful reduction or to extinction at the end of any quarter. An asterisk (\*) against a name shows that Claimant assigns somewhat of his Disciplinary Annuity to some one of the permanent funds of the Conference Preachers' Aid Society for the benefit of others sooner or later. Such assigners or contributors to such funds received last year \$4,233 as annuities thereon.

The following amounts are *per quarter only*. Fractions of dollar omitted.

### REPORT OF SPECIAL COMMITTEE ON SALARIES OF DISTRICT SUPERINTENDENTS

After consultation with the District Superintendents and a careful survey of the present needs, we recommend:

- (1) That the Commission on Finance be continued.
- (2) That the Commission establish the total amount of the claims of the districts.
- (3) That the Commission shall apportion to each District the amount to be raised, this apportionment to be made upon some equitable, uniform basis.
- (4) That the District Stewards be the distributors and collectors of the District Superintendents' claims in each District and individual charge.
- (5) That the salaries of District Superintendents be equalized.
- (6) Upon the failure of the District Stewards to convene, proper effort having been made, authority is given to the District Superintendent and the Commission to act on the apportionment for his District.
- (7) That one of the District Superintendents be the treasurer of this fund.

F. W. PIMLOTT,  
C. O. BECKMAN,

### N. M. ENGLISH DISTRICT—COLORADO CONFERENCE MERGER

After due deliberation it is the sense of the Committee that we do not receive the English District of New Mexico Conference as an integral part of Colorado Conference; it being our deliberate judgment that the interest of the Church and Kingdom can be better subserved under the direction of a Mission Conference.

COLE, *Chairman*,  
MACLEAN, *Secretary*.

### REPORT OF THE COMMITTEE OF FIVE ON CONFERENCE BUDGET

1. We recommend that we, as an Annual Conference, recognize the World Service apportionments as the primary benevolent obligation facing our churches.
2. We recognize and approve the action of the Conference in giving right of way for the presentation of the educational claims of the University of Denver, Iliff School of Theology, and the Wesley Foundation, in the year 1925-1926.
3. We approve the goal of \$1.00 per member for Beth-El Hospital, as adopted by the Conference, as the total expectation from the Conference as a

whole. We recommend that this total be equitably apportioned to the various Districts and charges on the same four-point basis as is followed in apportioning benevolent askings, by the Conference Budget Commission. We further recommend that the amount so apportioned to each charge be raised, either by the White Cross appeal, or by a Hospital Guild, as shall seem best to the pastor and the local Hospital Committee.

4. We approve the action of the Conference in authorizing the appointment of an Executive Secretary for Conference Claimant Endowment. We recommend that it be the policy of this Executive Secretary to prepare the ground for an intensive campaign for adequate permanent endowment for Conference Claimants to follow the educational campaign. We further recommend that any amounts collected or subscriptions secured by the Executive Secretary before the launching of this intensive campaign be credited to the charges where secured toward the total expectation from that charge in the campaign.

5. Recognizing the imperative need for Conference support for student work at Golden and at Gunnison, we recommend that the amount of \$2,500 be apportioned for such work this year, and that the Conference Budget Commission apportion this amount among the several districts and charges on the recognized four-point basis. We recommend that the amounts paid in by the churches for the support of this work be administered by the Conference Commission on Student Work at tax-supported institutions, which the Conference has already authorized to act as a Wesley Foundation.

6. We recommend that the Conference Budget Commission consist of the Bishop, the District Superintendents, and one minister and one layman from each District, to be elected by the ministers of the respective districts during the session of the Annual Conference. We recommend that this Conference, before its final adjournment, adjourn to assemble in district groups for the election of the members of this Budget Commission, and that the Bishop be requested to call a meeting of the Budget Commission prior to the meeting of the Area Convocation.

W. D. COLE, *Chairman*,  
CHARLES E. SCHOFIELD, *Secretary*.

### CONFERENCE ENTERTAINMENT BUREAU

Your committee appointed a year ago to propose a plan to take care of the expenses of Conference entertainment, reports as follows:

We recommend that an apportionment of one and one-half per cent be made on the basis of the cash allowance of every pastor, whether a Conference member or supply, and three-fourths of one per cent on every District Superintendent and member in special appointment, for the purpose of creating a fund with which to pay the traveling expenses and an allowance of \$1.50 per day, more or less, as the amount created may justify, for the time that the Conference is in session.

In either case we propose that the Retired members shall receive equally with the rest, but that no apportionment shall be required of them. In other words, the Retired members shall be guests of the Conference on this basis.

We further recommend that a commission of five, one from each District, to be appointed by the Superintendent of the District, be constituted to make effective the provisions of this action.

W. D. COLE, *Chairman*.

### REPORT OF THE COMMISSION ON STUDENT WORK AT TAX-SUPPORTED INSTITUTIONS

We are facing the following situation: From 2,000 to 2,500 Methodist young people enroll in the state colleges at Fort Collins, Golden, Greeley and Gunnison, and at the State University, every year. The time has come when the Church must recognize that it owes to these young people, the leaders in the community of tomorrow, the best Christian leadership and training it is possible to provide. Work was begun at Boulder some years ago. Under the stimulus of the Centenary this field has been further developed, and student pastors employed at Fort Collins, Greeley and Golden. Increasing numbers of students are being drawn into vital relations with the Church in these college centers. Methodist student work has become a recognized part of campus life. The faculties of the colleges at Greeley, Gunnison and Fort Collins are welcoming the type of work done by the Church. The faculties at Boulder and Golden are being won to an increasingly favorable attitude. At Greeley and at Gunnison credit is given for religious education. At Fort Collins the faculty is considering extending credit for similar work done there.

In the face of the beginning already made, and of the opening doors of opportunity, the Church cannot do other than advance. This year the shrinkage in Home Missions appropriations threatened to cut off practically all support for student work from the Home Board. An adjustment has been secured whereby the same maintenance will be assured to the work at Boulder, Fort Collins and Greeley for this coming year. There is, however, no guarantee that such support can be expected in the future. There is no provision in sight for continuing the work already begun at Golden. The Home Board has, as yet, made no appropriation to the work at Gunnison, where a rapidly growing school with a large Methodist constituency presents an unusual opportunity for a constructive program.

The local churches in college communities cannot, and ought not to be expected to carry this load alone. Neither is it fair to expect the Districts within which these schools are situated to bear the whole burden. The students to whom we minister come from the entire Conference. The support of the student work at tax-supported institutions is a Conference obligation, and should be faced by the Conference as a whole. We believe that the time has come when we ought to take definite steps toward securing adequate permanent support for this student work in our own Conference.

The administration of such student work is usually placed in the hands of an incorporation created by the Conference or Conferences supporting it, called a Wesley Foundation. In view of the fact that the various schools all draw from the entire area of the Conference, we recommend that one Wesley Foundation be organized for the entire Conference, to administer all of the student work carried on by our Church at tax-supported institutions within the bounds of the Conference.

We recommend that the Annual Conference continue the Commission on Student Work in Tax-Supported Institutions appointed last year with authority to function in the capacity of a Wesley Foundation this coming year, and with instructions to perfect a plan for the incorporation of a permanent Wesley Foundation to be reported to the next session of the Annual Conference for adoption.

In order to maintain the work already begun on its present basis, and to make a beginning at Gunnison, we will need an annual income of \$8,000. To secure this amount it will be necessary to have either a productive endowment of at least \$200,000 or an annual asking of at least 20 cents per member from the Conference. This does not include any provision for future expansion, nor for building needs. We recommend that the Conference Budget Commission be instructed to consider ways and means of assuring this essential work an adequate permanent support.

W. D. COLE, *Chairman.*

## REPORT OF COMMITTEE OF NINE ON PROCEDURE

Your Committee of Nine suggests the following change for the consideration of the Annual Conference:

With an expression of our great appreciation of their splendid service in this worthy cause, we suggest that the present Commission on Endowment for Conference Claimants be dissolved.

(a) We as a Conference establish as our goal an endowment for Conference Claimants of \$500,000.

(b) We request the managers of the Preachers' Aid Society to engage as secretary and manager of that society some member of the Conference who shall be appointed by the Bishop and who shall also be executive secretary of the Endowment campaign.

(c) That we further request the managers of the Preachers' Aid Society to allow from their funds \$1,200 to apply on the salary of the executive secretary, and that the balance of the salary of that officer be paid from funds secured in the Endowment campaign.

(d) That a campaign committee of eighteen members be raised, nine of whom shall be the managers of the Preachers' Aid Society, and nine appointed by the Bishop and cabinet.

(e) That this campaign committee be requested to prepare a list of suggested amounts which it will be necessary for the respective charges of the Conference to assume for the Conference Claimants' Endowment Fund, and that these suggested amounts be presented to the Quarterly Conference by the executive secretary or some other representative of the campaign committee for consideration and, if possible, adoption by the Quarterly Conference, and that this plan be inaugurated not later than the beginning of the next Conference year, and earlier if possible.

(f) That the campaign committee bring to the next session of the Conference a report on all funds on hand with recommendations for a plan to unify these funds in such measure as is practicable.

(g) That 10 per cent of the gross receipts for Conference Claimants from the Conference be applied annually on the present debt of \$11,005 until this obligation is discharged.

(h) That the Annual Conference elect a Board of Stewards according to disciplinary provision, to whom shall be committed the apportionment of Conference Claimants' funds, on the equitable four-point basis which has been used for years in our Conference. That the cabinet be requested to nominate stewards to be elected at this session of Conference for the ensuing three-year period, as provided for in the discipline.

(i) That we request the Bishop to appoint a committee of three, of which J. H. Ketchum shall be chairman, to devise a plan for the equitable adjustment of the deficit incurred in connection with the past year's endowment campaign by which payments upon an equalized basis shall be voluntarily made by members of the Conference to cover this deficit.

During October and November, 1923, I helped to give publicity to the White Cross Enrollment. The amount received for this fund during the year, according to the Superintendent's report for May, is \$4,345.42.

From September 10 to December 20 I was busy familiarizing myself with the work and condition of the hospital. During that time, besides the assistance given to the White Cross, \$2,414.70 was received in pledges and cash. From December 20 to February 24 I gave all my time to working out the plans and giving publicity to the Conference campaign. Since February 24 I have given all my time to field work, helping the pastors to close up the campaign in their charges.

Since September 16 I have visited 92 churches, delivering 79 hospital sermons, besides 17 addresses to other assemblies. I have interviewed a number of people with a view of interesting them in giving large sums of money to the hospital, and a much larger number for smaller amounts.

### Rev. G. A. Cage

Rev. Gustavus A. Cage of Denver, Colo., passed to his rich reward September 15, 1923. He was born near Nashville, Tenn., in 1857, and moved with his parents to Greeley, Colo., in 1872. He graduated from the Greeley High School, studied three years at the University of Colorado, then took a course in the Theological School of the Vanderbilt University at Nashville. Following this he entered the ministry of the Methodist Episcopal Church, South, serving several years in California. In 1890 he transferred to the Colorado Conference of the Methodist Episcopal Church. He was granted the Superannuated Relation in 1919. He leaves his wife, Fannie Davis, three sons and two daughters.

Brother Cage was a student of the ablest books. His mind grasped fundamental principles. He wrote and published a comprehensive book on prayer. His sermons were thoughtful and deeply spiritual. He was much in evangelistic services in the charges he served.

Our brother was, for a year or more, greatly afflicted with cancer of the stomach. Even in excruciating suffering he was trustful and cheerful, repeatedly saying, "It is all right, praise the Lord!" His last words were "Amen, amen!" His funeral was largely attended, many ministers being present. Vast banks of richest flowers covered the casket, provided by friends and neighbors. His body was borne from the Wheat Ridge church to a charmingly beautiful location in the Crown Hill Burial Park, Denver, Colo.

### Dr. McKendree De Motte

McKendree De Motte was born May 22, 1843, in Kane, Green County, Illinois. He died June 2, 1924, at his home in the Methodist parsonage at Cedaredge, Colo. Of Huguenot ancestry, as his name indicates, he possessed all those sturdy traits of character which has made that strain of Protestant blood famous in history. His father was for forty years a local preacher, and the ardor and warmth of that ministry brought to the growing boy of twelve a desire to emulate the father. In March, before he was seventeen years of age, he united with the Church, and in October was given his license to preach. He completed two years of study at Illinois Wesleyan University, but with the lowering of the war clouds he enlisted and was swept into the thick of it as a secret service agent, quickly advancing to the rank of captain. He was three times captured and twice sentenced to death, but escaped. With the close of the war he gave himself with increasing zeal to his work. He had received his degree while at the front, but he continued training for his life work and added medical degrees from Hanneman Medical School in Chicago, the St. Louis Medical College and the Franklin Institute of Surgery. Deeming his health unequal to the demands of the effective ministry, he never accepted membership in an Annual Conference of the Church until tendered honorary membership by the Colorado Conference in 1921, but continued as a supply, serving many different churches in Illinois as he carried on his work of teaching school and practicing medicine. The year 1890 he spent as a missionary in Utah. Removing to Nebraska, he gave himself increasingly to the work of the ministry, serving five years at Kenesaw, five years at Talmage and Crock, three years at Sterling and Plum Grove, and three at Douglass. His health seemed to fail entirely and he was forced to come to Colorado in the hope of improvement. He removed to Pagosa Springs, accepted the pastorate of that Church, which he served during nine years at three different intervals, finding himself in greatly improved health. He served the church at Meeker for three years and was induced in an emergency to accept the pastorate of the church at Cedaredge in the spring of 1920. Beginning this work at the advanced age of 77, he crowned his long ministry with the erection of a beautiful modern church building. He died in the 64th year of his ministry.

It is doubtful if the record of Dr. De Motte has been paralleled in recent years. It is a far cry from service under Presiding Elder Peter Cartwright to our own day. Imagination is staggered, but God hath wrought great things at the hand of McKendree De Motte, and it is such records as these that have gone far toward making Methodism what it is. He possessed that high genius of the Christian ministry which gained everywhere the unswerving love and loyalty of his people without making it difficult or well-nigh impossible for another to follow in his footsteps. Inspired by his example, Christians and non-Christians were alike stirred to action.

The funeral service was held in the new church at Cedaredge, Colo., Friday, June 6. Ministers in attendance and assisting the District Superintendent, Dr. E. N. Edgerton, at the service were F. W. Pimlott, Delta; E. G. Estlow, Fruita; Paul Shields, Lazear; J. T. Coulter (retired) of Palsade. Dr. De Motte was a member of the Odd Fellows Lodge and a Thirty-second Degree Mason. These lodges were well represented and with throngs of loving friends heaped casket and church with flowers, attesting the universal sorrow of the community. The body was accompanied by the widow, Mrs. Myrtle De Motte, to Sterling, Neb., for burial. Four daughters and one son by a former marriage also survive.

## Wm. H. Greene

William H. Greene was born in Montville, Ohio, November 2, 1845. At the age of seventeen he enlisted as a drummer boy in an Ohio regiment, and being a good penman was employed for some time in clerical work in Columbus and Cincinnati. At the close of the war he was a first lieutenant in a colored regiment, guarding Washington.

After his discharge from the army he studied one year in Baldwin University, Berea, Ohio, completing his college course at Ohio Wesleyan, graduating therefrom in 1893, with honors.

He was married in 1872 to Miss Frances C. Vining. To them were born four children, three of whom died in childhood, leaving one son, Paul H. Greene, now of Columbus, Ohio. Soon after his wife also was taken from him. He entered the Nebraska Conference as a probationer and in 1878 transferred to the Colorado Conference, filling appointments at Rawlins, Wyo., Ouray, where he completed a small church and built a parsonage, Golden and Platteville.

In 1878 he was married to Miss Madge S. Kesch, who died in December, 1898. Because of rapidly failing health, in 1885 he asked for the Supernumerary Relation and in 1890 was placed upon the retired list. Since then he has not been among us, living in several states, dying in December, 1923, in New Orleans while on his way to California.

Brother Greene was a true minister of the Word, and uncomplainingly accepted the appointments assigned him, faithfully performing the duties devolving upon him. He is survived by his son, Paul H. Greene, and one sister, Miss Mary E. Greene, of Pasadena, Calif.

## Marquis D. Hornbeck

From "Who's Who in America" and elsewhere, we number in mere outline the milestones in the life of Dr. Hornbeck. His parents were Curtis and Sarah (Plum) Hornbeck. He was born at Circleville, Ohio, February 28, 1849, and departed at Denver, Colo., December 30, 1923, at nearly 75 years of age. While in early life his mother had been a Lutheran, he knew only the air of a pronounced and old-time Methodist home and parentage—ineestimable heritage. During the Fifties and Sixties at least, he was on the farm in the open, laying those foundations of physique and character that served him so well in the years he moved among us. Rather late in life did he enter the schools, graduating A.B. at Illinois Wesleyan in 1877 at the age of 28 and proceeding to A.M. in 1880. His local preacher's license dates from 1871, which office he filled faithfully with work and study for the four years required for ordination as deacon in 1875 by Bishop Ames. Upon graduation in 1877, his lay brethren put him forward to the self-sacrificing work of the Traveling Ministry, into which he was received by the Illinois Conference. His first year's work was at Warrensburg, whence he was then taken for a full period of three years at the most important Beardstown. At the close of that pastorate he wedded from its congregation Miss Lydia Kuhl, was ordained Elder by Bishop Merrill, and determined upon yet further enriching his life and ministry by a course in the Boston University School of Theology. But Bishop Merrill ruled that according to the law there was no way in which he could retain his Conference membership and at the same time attend school. So he withdrew to the local ranks, though for the next three years in school he was a regular supply pastor near Boston.

Upon graduating at Boston as Bachelor of Sacred Theology in 1884, he was again received into the Traveling Ministry, but was at once appointed president of the Danville Wesleyan Seminary, where he served for three years so successfully as to be called to the presidency for the next three years of Chaddock College.

He came to Colorado in 1893, where he served loyally for twenty years—one at Canon City, two at Broadway, Pueblo, five at Boulder, nine at Grant Avenue, and three at Bethel, Pueblo; all large and strengthened charges. Thereafter, purely because of his physical affliction and the increasing difficulty of doing pastoral work, on September 15, 1913, he reluctantly asked for, and was freely granted the well-deserved Retired Relation, upon what would now approach his option as nearly 65. That relation he held with dignity and respect for the past ten years, his forced retirement for that reason being the trial of his life.

Just at sunset on the last Sunday of the year, as the great Municipal Chorus in the City Auditorium arose to pour forth full-voiced Handel's "Hallelujah Chorus," in a great uplifting just as he would have had it, he breathed his last on earth and first in heaven. In the comfort of that towering character, as solid and staunch as mighty Mount Massive, there abides—perhaps a bit wistfully—she who was for so many years ears for the deaf and heart of his own heart, the patient writer for him of what was going on in assemblies in which he had such keen interest, pent in as he was by those impenetrable walls of silence. And also that other one, so well and widely known to us of his school days and to all familiars in that home as "Stanley," no matter how lofty and towering in the scholarly, international and diplomatic world at Washington, he may be or become.

May God bless them—and us—and all.

## John Oliver

The Rev. John Oliver was born in Compton-Martin, Somerset, England, on October 9, 1854. He was educated at Queen's College, Taunton, England. He became a local preacher in the Wesleyan Methodist Church of England in 1875. In the same year he was married to Miss Sophia Harding.

In middle life he came to America and was admitted to full membership in the Colorado Annual Conference of the Methodist Episcopal Church in 1898, serving in the traveling connection continuously until September, 1923, when he was granted the Retired Relation. As secretary of the Movement for the Salvation of the Little Child, he traveled far and wide. He was overtaken with pneumonia and after a very brief illness died in a hospital in Chicago on Friday, May 30, 1924. In harmony with his wishes, the remains were brought to Colorado and laid in the cemetery at Erie by the side of his wife, who died in 1911. The funeral was held in the Methodist Episcopal Church in Erie on Thursday, June 5, at 10:30 a. m. The services were conducted by the Rev. F. R. Hollenback, a friend and former district superintendent of Brother Oliver, being assisted by the Rev. John Collins and the Rev. L. G. Honnold, pastor of the church in Erie. The day was bright and beautiful and in every sense a symbol of the faith and optimism which blossomed perennially in the life of this good man.

Brother Oliver left no living relative in America. The only remaining near kin is a daughter, Mrs. C. H. Kew of Johannesburg, Transvaal, South Africa.

Throughout his ministry John Oliver was profoundly interested in an organization which he himself initiated known as The Movement for the Salvation of the Little Child. He was the author of a book on this subject and devoted the latter part of his life entirely to the spread of the movement. He was an intense lover of little children. He left no estate that can be characterized in material terms. He could not have been any poorer when he began his ministry than he was on the day of his death from the standpoint of worldly substance. He had small need for money. He lived and toiled on what other men would call a starvation wage. And in it all he thanked God and was happy. But he acquired something infinitely better. His very name is a synonym for consecration. His treasure was in Heaven. Very few ministers of the gospel have ever given themselves with more devoted abandonment to the high ideals of a life time than did John Oliver. In humanity, his life stands out like a golden silhouette against the sordid background of men of the street and the world.

A neat granite stone had already been placed at the head of the family lot in Erie. Brother Oliver's name, with dates of his birth and death, have been chiseled thereon with this added inscription:

*"A friend of little children and of all men"*

His memory will be held very precious by those who knew him best.

## Mrs. Samuel Mitchell

Mrs. Eliza Parratt Mitchell was born July 3, 1884, at Otley, Yorkshire, England, coming to America, October 4, 1913, and was married to Samuel Mitchell, who was a schoolmate in England, in Chicago, October 18, 1913. One year to the day after his marriage, the Rev. Samuel Mitchell, preached his first sermon at Leon, Ill. After spending two years in Leon, the Rev. and Mrs. Mitchell moved to Orland, while the Rev. Mitchell attended a school of theology, having charge of the church there. In 1918 the Rev. Mitchell graduated from the Garrett Biblical Institute, and went to Afton, Iowa, where the family spent two years and three months.

On January 1, 1921, the Reverend Mitchell moved to Utah, serving at the Heath church, which was later supplanted by the now Grace Methodist Church of Salt Lake City. After three years and three months, the Rev. Mitchell and family came to Bingham.

Mrs. Mitchell was an ardent church worker, a woman, always being ready to help those who needed help, and always assisting her husband in affairs of the church. Mrs. Mitchell was a talented musician.

Her death came as a shock to all who knew her, as she was hale and hearty up to one week prior to her death. Taking sick Friday, May 7, with erysipelas, she was removed to a Salt Lake hospital Sunday, May 4, and immediately began to show signs of improvement until Thursday, May 8, when pneumonia set in. Mrs. Mitchell passing away at 1 o'clock in the morning, Saturday, May 10.

Besides her husband, the Rev. Samuel Mitchell, Mrs. Mitchell leaves behind three children, Wilfred, age 9; Margaret, age 6; George, age 4; a brother, Sam Parratt, and a sister, Mrs. G. M. Kramer, both of Chicago; and a brother, Walter, living in England.

3. On assigning the floor to any member of the Conference, the President shall distinctly announce the name of the member to whom it is assigned.

4. No member shall absent himself from the sessions of the Conference without leave, unless he be unable to attend.

5. When any member is about to speak in debate, or to deliver any matter to the Conference, he shall arise and respectfully address the President, but shall not proceed until recognized by him.

6. No member shall be interrupted when speaking, except by the President to call him to order when he departs from the question, or uses personalities or disrespectful language; but any member may call the attention of the President to the subject when he deems a speaker out of order, and any member may explain when he thinks himself misrepresented.

7. When a member desires to speak to a question of privilege he shall briefly state the question; but it shall not be in order for him to proceed until the President shall have decided it a privileged question.

8. No person shall speak more than twice on the same question, nor more than ten minutes at one time, without leave of the Conference; nor shall any person speak more than once until every member choosing to speak shall have spoken; provided, however, that a Committee making a report shall, through its Chairman, or one of its members selected by the Committee or its Chairman, in all cases be entitled to ten minutes to close the debate; either to oppose the motion to lay the report on the table, or, this permission not having been used, to close the debate on the motion to adopt.

9. Resolutions shall be written and presented in duplicate by the mover. All motions shall be reduced to writing if the President, Secretary, or any member requests it.

10. All written motions, reports and communications to the Conference shall be passed to the Secretary, to be by him read to the Conference.

11. When a motion is made and seconded, or a resolution introduced or seconded, or a report presented and read by the Secretary, or stated by the President, it shall be deemed in possession of the Conference.

12. The following motions shall be taken without debate:

- (1) To adjourn.
- (2) To suspend the rules.
- (3) To lay on the table.
- (4) To take from the table.
- (5) To raise the question of consideration.
- (6) Call for the previous question.
- (7) To reconsider a non-debatable motion.

13. No new motion or resolution shall be entertained until the one under consideration has been disposed of, which may be done by adoption or rejection; but one or more of the following motions may be made, and they shall have precedence in the order in which they are given, namely:

- (1) To fix the time to which the Conference shall adjourn.
- (2) To adjourn.
- (3) To take a recess.
- (4) To lay on the table.
- (5) To order the previous question (cannot be laid on the table).
- (6) To postpone to a given time.
- (7) To refer.
- (8) To substitute.
- (9) To amend.

(10) To postpone indefinitely

14. Only one amendment to an amendment shall be in order, but then it shall be in order to move a substitute for the main question and one amendment to the substitute, and if a substitute is accepted it shall replace the original proposition.

15. It shall be in order to move the previous question—that is, that the question be taken without further debate—on any measure pending, except in cases in which character is involved; and if sustained by a vote of two-thirds the question shall be taken; nevertheless, it shall be in order under this rule to move to refer or to recommit (on either of which the vote shall be taken without debate): to divide or to lay on the table, after the previous question has been ordered. It shall not be in order to move the previous question or to move to lay on the table at the close of a speech in which the pending question has been discussed.

16. The motion to adjourn shall be taken without debate, and shall always be in order, except

- (1) When a member has the floor.
- (2) When a question is actually put, or a vote is being taken, or until decided.
- (3) When the question is pending on sustaining the demand for the previous question.
- (4) When the previous question has been called and sustained, and action under it is still pending; and
- (5) When a motion to adjourn has been negatived; and no business or debate has intervened.

17. When any motion or resolution shall have been acted upon by the Conference, it shall be in order for any member who voted with the prevailing side to move a reconsideration; but a motion to reconsider a non-debatable motion shall be decided without debate.

18. Every member who is within the bar at the time a question is put shall vote, unless the Conference, for special reasons, excuses him. No member shall be allowed to vote on any question who is not within the bar at the time when such question shall be put by the President, except by leave of the Conference, when such member has been necessarily absent.

19. It shall be in order for any member to call for the ayes and noes on any question before the Conference, and if the call be sustained by forty members present, the vote thereon shall be taken by ayes and noes.

20. These rules may be suspended at any time by a vote of two-thirds of the members present and voting.

## **TELL THE TROUBLE**

When you phone the doctor that someone is sick, he comes, makes an examination, writes a prescription, and you take it to a druggist to be filled, you don't expect the doctor to bring a drug store nor a set of instruments with him. Which is as it should be.

But when you have a case of sick plumbing and phone the plumber, you expect him to bring along a stock of plumbing parts and a set of tools.

There are as many things can get wrong with your plumbing system, as with the human system, and as many kinds of tools as instruments.

The plumber doesn't want to go back to his shop, but if you don't tell him as near as you can, what the trouble is, he might have to.

Tell the trouble and save the plumber's time and you will also save yourself money. May we help you?
